MESSAGE FROM THE CEO RECONCILIATION AUSTRALIA

Reconciliation Australia commends City of South Perth on the formal endorsement of its inaugural Innovate Reconciliation Action Plan (RAP).

Commencing an Innovate RAP is a crucial and rewarding period in an organisation's reconciliation journey. It is a time to build strong foundations and relationships, ensuring sustainable, thoughtful, and impactful RAP outcomes into the future.

Since 2006, RAPs have provided a framework for organisations to leverage their structures and diverse spheres of influence to support the national reconciliation movement.

This Innovate RAP is both an opportunity and an invitation for City of South Perth to expand its understanding of its core strengths and deepen its relationship with its community, staff, and stakeholders.

By investigating and understanding the integral role it plays across its sphere of influence, City of South Perth will create dynamic reconciliation outcomes, supported by and aligned with its business objectives.

An Innovate RAP is the time to strengthen and develop the connections that form the lifeblood of all RAP commitments. The RAP program's framework of relationships, respect, and opportunities emphasises not only the importance of fostering consultation and collaboration with Aboriginal and Torres Strait Islander peoples and communities, but also empowering and enabling staff to contribute to this process, as well.

With close to 3 million people now either working or studying in an organisation with a RAP, the program's potential for impact is greater than ever. City of South Perth is part of a strong network of more than 1,100 corporate, government, and not-for-profit organisations that have taken goodwill and intention, and transformed it into action.

Implementing an Innovate RAP signals City of South Perth's readiness to develop and strengthen relationships, engage staff and stakeholders in reconciliation, and pilot innovative strategies to ensure effective outcomes.

Getting these steps right will ensure the sustainability of future RAPs and reconciliation initiatives, and provide meaningful impact toward Australia's reconciliation journey.

Congratulations City of South Perth on your Innovate RAP and I look forward to following your ongoing reconciliation journey.

Noongar people are the Traditional Owners of the South West of Western Australia. While Noongar is identified as a single language there are variations in both pronunciation and spelling – Noongar, Nyungar, Nyoongar, Nyoongah, Nyungah, Yungar and Noonga. The City of South Perth uses ‘Noongar’ which is reflected throughout this document except when specifically referring to an external organisation that utilises alternative spelling.

MESSAGE FROM THE MAYOR

I acknowledge the Whadjuk Noongar people as the traditional custodians of this land and its waters and pay my respects to their Elders past and present.

Aboriginal people have made meaningful contributions to our community, and the City is proud to present this Innovate Reconciliation Action Plan (RAP) which follows on from our Aboriginal Engagement Strategy as the next step forward in our reconciliation journey. Through the RAP we recognise the importance of culture and enable improved connections and stronger relationships with our local Aboriginal and Torres Strait Islander community.

Our Innovate RAP was developed by listening. We undertook extensive consultation with our community and heard from the City of South Perth Aboriginal Reference Group, Reconciliation Australia, local residents, community groups, the City of South Perth Residents Association, schools, City officers, Elected Members and other members of our community. Their valuable input has helped us shape a plan that will see us create meaningful change as we work together with local Aboriginal and Torres Strait Islander people and organisations. I would like to thank everyone who was involved.

This plan represents the commitment of Council and our community to support and celebrate the world’s longest continuing cultures. The City of South Perth looks forward to implementing this RAP and to delivering positive reconciliation outcomes.

Mayor Greg Milner
City of South Perth

OUR VISION

A city of active places and beautiful spaces.
A connected community with easily accessible,
vibrant neighbourhoods and a unique,
sustainable natural environment.

OUR ORGANISATION

Within the City of South Perth organisation there are 247 employees, and six office locations with two employees identifying as Aboriginal and Torres Strait Islander peoples. This equates to 0.8 of the City's employees (Note: An employee is not obligated to divulge their cultural background, so the total number of employees identifying as Aboriginal and Torres Strait Islander peoples may be higher).

The City of South Perth covers an area of around 19.9km² divided into four wards. Each ward is represented by two councillors and presided over by a popularly elected mayor. Councillors are elected for four-year terms with council elections held every two years on the third Saturday in October, for half of the council members.

This plan aligns with the City's vision of 'A city of active places and beautiful spaces' and will complement other plans that make up the Strategic Community Plan as part of the Integrated Planning Framework (IPR).

DEFINING RECONCILIATION

Reconciliation is about strengthening relationships between Aboriginal and Torres Strait Islander peoples and non-Indigenous peoples, for the benefit of all Australians.

A Reconciliation Action Plan or RAP is a strategic document that provides a framework for organisations to support the national reconciliation movement. There are four types of a RAP that are designed to suit an organisation at different stages of their reconciliation journey, namely: Reflect, Innovate, Stretch and Elevate.

Reconciliation Australia is an independent, not-for-profit organisation that was established to provide leadership for reconciliation in Australia.

RECONCILIATION DIMENSIONS

Reconciliation Australia describes five dimensions of reconciliation, namely:

1. RACE RELATIONS

All Australians understand and value Aboriginal and Torres Strait Islander and non-Indigenous cultures, rights and experiences, which results in stronger relationships based on trust and respect and that are free of racism.

2. EQUALITY AND EQUITY

Aboriginal and Torres Strait Islander peoples participate equally in a range of life opportunities and the unique rights of Aboriginal and Torres Strait Islander peoples are recognised and upheld.

3. INSTITUTIONAL INTEGRITY

The active support of reconciliation by the nation's political, business and community structures.

4. UNITY

An Australian society that values and recognises Aboriginal and Torres Strait Islander cultures and heritage as a proud part of a shared national identity.

5. HISTORICAL ACCEPTANCE

All Australians understand and accept the wrongs of the past and their impact on Aboriginal and Torres Strait Islander peoples. Australia makes amends for past policies and practices and ensures these wrongs are never repeated.

ABORIGINAL AND TORRES STRAIT ISLANDER PEOPLES HISTORY OF SOUTH PERTH

The Whistling Eagle by Toogarr Morrison and Julie Crockett 1999

South Perth has been home to the Wadjuk Noongar/Bibbulmun people for over 45,000 years. The rivers continue to be sources of spiritual, cultural, economic and familial connection for the Whadjuk people and to Aboriginal and Torres Strait Islander peoples more broadly around the State. Based on Whadjuk mythology, the Swan River (or Derbal Yerrigan) and Canning River (or Djarlgarra – signifying place of abundance) were created by the Waugal, the ancient creation serpent who made the fresh waterways.

An important camping and fishing area was situated between the present day Richardson Park and Mill Point (Gareenup) and this area was referred to as Booryulup or the place of the Booryul. This area has since been covered by the Kwinana Freeway. The area stretched for approximately one and a half kilometres of foreshore and 150 metres into the bushland to the east of Melville Water. Today the foreshore reserve is called Milyu which is an Aboriginal but not Noongar word for samphire. The Como foreshore was a place for digging holes or Beenabup. Noongars referred to the area of rushes near Millars Pool as Goorgygoogup. The South Perth foreshore side of Perth Waters is known by Noongars as Gaboordjoolup or ‘the place of the shore’. Further east is Joorolup or ‘place of the jarrahs’. Noongars would camp in the South Perth area when the beere or banksias were flowering and extract honey from the blossom. A spring which was on the Melville Water side of South Perth was widened by the Noongars at this time of year and blossoms were left to ferment in the water. The fermented drink was then consumed as part of this special occasion.

Millers Pool was significantly larger before major flooding in the 1860s. It was referred to as Goorgygoogup (a place for digging holes), and supported plentiful populations of small fish and shellfish. Noongar oral history records that the Pool was also used as a secluded birthing site by the Beeloo Noongar women.

In 1833 William Kernot Shenton built a wooden windmill on the site, this is now known as The Old Mill. On the 24 April 1834 the Mill was raided by a group of Pinjareb (or Bidjareb) men, led by Galyute. These people were not the local Beeloo Noongars or other people from the Swan River area, they had travelled a long distance to South Perth. The Mill had been used as a rations depot earlier in that year, and the group may have travelled seeking food. One European was present at the time, eighteen-year-old George Shenton – he was threatened but not harmed, and a large quantity of flour was stolen.

Galyute was arrested and sentenced to 60 lashes and a term in the Fremantle Roundhouse. A subsequent series of retaliations and counter-retaliations provided a pretext for a punitive expedition against the Pinjareb, though Thomas Peel had been agitating for such a response earlier and Pinjarra was part of a larger plan of colonial expansion to the south of Perth. On 28 October 1834 the much-disputed Pinjarra Massacre took place – while official colonial records state that fifteen Noongar people were killed, other contemporary accounts place the death toll at least thirty. Galyute was not killed or ever captured again, and his eventual fate is unknown.

THE CITY'S RECONCILIATION ACTION PLAN

The City's Reconciliation Action Plan is aimed at continuing the reconciliation journey within the local community. The Actions are grouped into four Innovate RAP pillars.

Within these four RAP pillars are Goals and Actions/Deliverables that have been identified to implement the RAP over a two year period. For each Action/Deliverable, the City's level of involvement (and potential involvement) has also been listed using the following categories:

- **Planner** - The City identifies community requirements for services and infrastructure and ensures mechanisms are in place to meet these requirements.
- **Supporter** - The City provides support for community organisations and clubs. This support is delivered through a number of methods including the use of community owned facilities; the provision of funding; and providing access to information resources.
- **Partner** - The City will partner with organisations that share a similar goal allowing for a pooling of resources. These partnerships will be on an informal or formal 'service agreement' basis as required.
- **Coordinator** - The City brings together stakeholders to plan and develop the joint provision of services and infrastructure.
- **Provider** - The City manages one of its own facilities or is solely responsible for the delivery of a service. Income and expenditure is determined as part of the City's annual budget process.
