PUTTING MY BINS OUT FOR COLLECTION

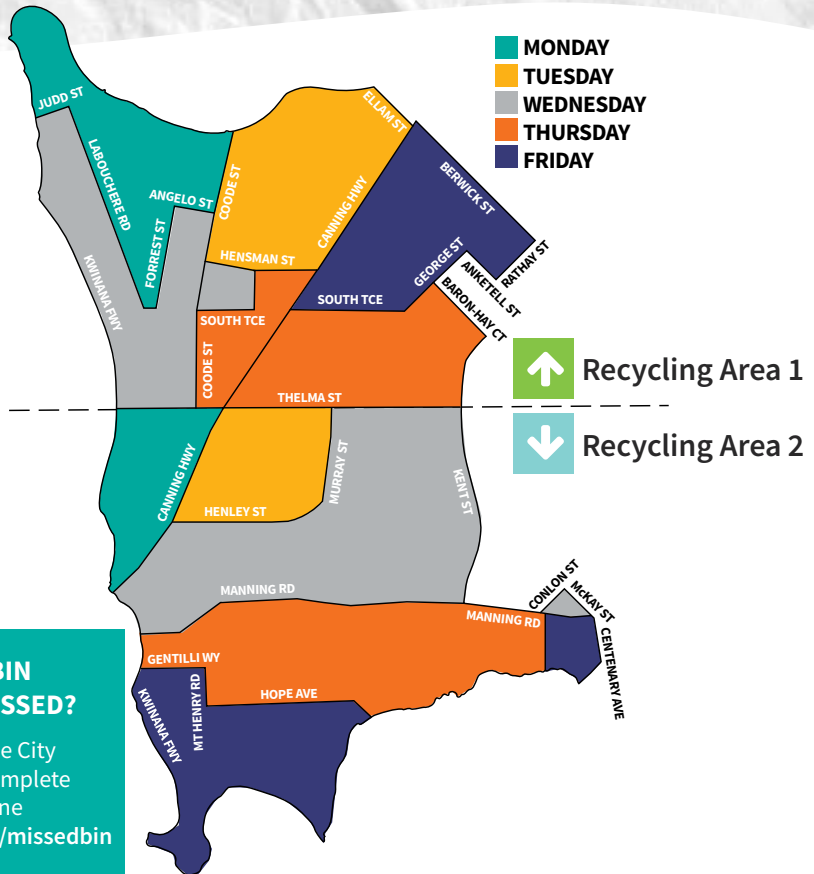

Please place your bins on the verge by 6am on the day of collection. Bins should be within one metre of the kerb with the wheels facing your house. Bin lids should be fully closed to prevent unwanted pests.

Your green lid and yellow lid recycling bins should be 50cm apart from each other. This is to ensure that the hydraulic arm on the collection vehicle is able to reach, lift and empty your bins. Please ensure that your bins are clear from any obstructions such as power poles, street trees, parked cars, signs, etc.

KERB SIDE BIN COLLECTION DAYS

Your green lid bin is collected weekly and your yellow lid recycling bin is collected fortnightly. Please refer to the map below for your bin collection day.
