Facility storage allocation and conditions

The following procedures have been developed to effectively allocate and manage the use of storage areas within community facilities.

The City of South Perth may refuse any storage request at its discretion for any reason. The City may place conditions on any storage consent and must be indemnified by the user group for any loss or damage to any equipment stored in any facility or on facility grounds, by signing the 'Storage Permit Application'. Any groups requesting storage options within built facilities must complete a 'Storage Permit Application' and pay the standard storage fee as per the fees and charges schedule within the standard booking time frames along with their hire 'Permit Application'. The 'Storage Permit Application' must list all the equipment to be stored and must be relevant and applicable to the user groups core function.

Consent for storage requests will only be given to groups hiring a specific facility on a regular basis i.e. regular is defined as facility use at least once per week on an ongoing basis.

The City reserves the right to place additional conditions on storage as appropriate including proof of insurance and overnight security where applicable.

As storage space is limited within most facilities, no guarantee of storage space is made with any booking. The decision of City Booking Officer is final in all matters relating to storage items.
