100% INDEPENDENT, ACHIEVING RESULTS FOR YOU!

As a local resident of 20 years and your Councillor since 2019, I have worked hard on Council, **delivering important outcomes** that are **in the best interests of the community.**

I believe **rates, financial management and service delivery** are **Council's No.1 priority.** Along with other current experienced Councillors, I have **adopted sensible budgets** sensitive to cost of living pressures; **maintained rates at or below CPI; improved the City's overall financial health** (51/100 at 2017/18 to 74/100 at 21/22 and 88/100 forecast 22/23); **and refined efficiencies, delivering more for less.**

Future focus: to deliver an advocacy plan for community facilities, safety/security, traffic/transport, preservation of the natural environment & iconic assets.

I ask for your vote to help us lead a shared vision. Refer to Facebook page.

Support me to be your independent voice, representing you, to deliver your interests.
