Candidate name **Joshua Paul OLSEN**

District **City of South Perth**

Nominating for **Councillor for Como Ward**

Election type **Ordinary**

Enrolment status **OLSEN, Josh is eligible to stand for election as a resident of the City of South Perth.**

It's time for **our Council and our City to refresh and reset with new ideas & fresh perspectives.** That's why I'm putting my hand up for Como Ward.

Since buying my home in Como over five years ago, I've gotten to know and love our community. **If we're going to maintain the area we know & love**, we need people who can make the right decisions - a council with skills & experience in delivering for you.

With my professional background in utilities planning, like water and renewable energy, I work every day with project managers & stakeholders to deliver critical services and infrastructure. **I'll ensure our amenities keep pace with our community's growth.**

Mayor Greg Milner and his team have done well to get our finances on track while delivering new projects & maintaining services. Now it's time to take the next step & renew Council to build our community further. **My 3 key priorities:**

1. Upgrade Canning Bridge access
2. Put the RAF back on the agenda
3. Ensure council does all it can on crime
