

Additional Information

THE EXPERIENCE TO DELIVER: It's been my honour to serve as your Independent & donation-free Local Councillor since 2017 (incl. 4 yrs as Deputy Mayor). A Trinity old boy & Waterford local, I'm an AICD Company Directors Course graduate with degrees in Law & Engineering (Hons).

I won my first election aged 21 in 2017, with no party or financial backing, becoming the youngest-ever elected member in the councils history.

Since then, I have worked diligently and productively with administration and council to make our community an even better place to live.

A Proven Track-Record: I've always put ratepayers first:

- restored the budget to Operating Surplus

- never voted for a rates rise above CPI

- via Local Planning Strategy and LPS7 - Defended our suburbs from developers by fighting for height limits & lower zonings.

I've Delivered Vital Investment in our local community:

- Sport oval/anticrime lighting, mosquito control, Redmond Stairs,

- I'm proud to have initiated the process of Karawara Laneway Closures in 2020.

- Security CCTV rebates, underground power, Manning Hub (upgrades to Welwyn Shops).

Manning Bike Track & Dome Café:

- I led the charge to deliver the Manning Bike Track.

- I worked closely with council and the former CEO to revitalize the Old Manning Library site which lay dormant for years. Council acquired freehold title to the land; then attracted Dome, who were able to maintain the heritage value of this beloved site while breathing new life into it as a community café.

We've achieved a lot together, but the jobs not done yet.

If re-elected, I'll fight for:

1. CPI rates cap: In my 8 years on council I'm proud to stand by my record of never having voted for a rates rise beyond Perth CPI
2. Indoor Sports Courts - continued advocacy
3. Responsible financial management
4. New Dog Park
5. Foreshore protection

Re-elect a strong, experienced, Independent and Local voice on council to fight for you!
