

## Additional Information

### MY PRIORITIES:

#### 1. Strengthening Community Connections

A strong sense of belonging fosters mental, emotional, and social well-being. I am committed to creating lively, welcoming precincts along the foreshore nodes - in accordance with the South Perth Foreshore Strategy and Management Plan - and to activating streets such as Angelo and Mends Street to bring people together, enhance our overall quality of life, and preserve South Perth's unique charm.

#### 2. Balanced Growth & Development

South Perth has a rich history that should be celebrated. I will support thoughtful development that honours its character and heritage while ensuring future growth reflects our community's needs and enriches our way of life.

#### 3. Protecting Our Environment & Public Spaces

Sustainable environments and greenspaces are vital for our health and wellbeing. I am dedicated to preserving the beauty and accessibility of our foreshore and public spaces by ensuring they are managed responsibly and remain places for everyone to enjoy - balancing environmental protection with the recreational needs of our community.

#### 4. Responsible Financial Management

Funds should be used effectively to deliver the best outcomes for our community. I will advocate for Council to prioritise essential services and maintain community assets, including infrastructure that promotes residents' safety, while managing budgets responsibly.

### MY PRINCIPLES:

#### 1. Independent Voice

I am not aligned with any political party and do not accept political donations.

#### 2. Community-First Decision Making

I will put the interests and needs of our community at the centre of every decision.

#### 3. Transparent, Considered and Pragmatic

I believe in making decisions openly and fairly with practical solutions that serve South Perth's long-term future.

#### 4. Collaborative Leadership

I will work cohesively and constructively with the community, fellow councillors, City staff and other stakeholders to achieve a shared vision for South Perth.
