Nominating for	Councillor for Como Ward
Election type	Extraordinary
Enrolment status	OLSEN, Josh is eligible to stand for election as a resident of the City of South Perth.

It's time for stability on Council and a focus on delivery.

I love our community - which is why I chose to buy my home here, on Clydesdale Street. If we're going to protect & fix the community we love, we need people with the right skills & experience on Council.

With a Master's degree from Curtin & my professional background in critical services and utilities planning, including power & water, I work every day with communities to deliver the core services we rely on.

I want to bring that experience to our Council.

Our finances are on track. Now, we need to deliver new projects while protecting services. We need a stable Council, focused on our community. That's what I'll bring.

As your Councillor, I will:

Ensure Council does all it can on crime, with more CCTV & street lighting

Oppose any rate rise above inflation

Upgrade Canning Bridge station access

Support an aquatic centre

Deliver solutions for traffic congestion & street parking

Fix our footpaths

Support our seniors
