Throughout my career in statutory child protection, I have listened to, advocated for, and supported vulnerable members of our community. I bring those same values, skills, and commitment to representing you in Moresby Ward.

I am actively involved in our community as a member of the Como Secondary College Board & through my participation in council meetings, making deputations and asking questions on issues that matter to residents.

I am a self-funded independent candidate, not affiliated with any political party, & have not accepted donations. If elected, I will be accountable only to you. My decisions will be guided by evidence, community benefit, & responsible use of ratepayer funds.

I know many residents want strong governance, less drama, and greater focus on:

Value for your rates

Community safety

Protecting public open space & the environment

Upgrading community assets, including Challenger Reserve

I will be a strong voice and advocate for our community.
