Building a South Perth We're Proud Of

About me:

I've called South Perth home for 11 years. My career as a stockbroker is built on trust, compliance and people first. As a father and coach, I've spent years building strong foundations I want to bring that same discipline to council.

I believe South Perth can be a true destination, known for its facilities and ambition.

To illustrate my beliefs: I would have supported the proposed Recreation and Aquatic Facility at Collier Park, a first-of-its-kind sporting, recreational and education hub. Despite years of planning, it did not proceed due to funding constraints. I believe our community still needs infrastructure like this.

My priorities:

Efficient council: leaner, transparent, real value for ratepayers.

Progress: practical steps that modernise South Perth while protecting what makes it special.

If elected, I will bring integrity, energy and fresh thinking to council.
