Responsible Business Unit/s	Customer, Communications and Engagement	
Responsible Officer	Manager Customer, Communications and Engagement	
Affected Business Unit/s	All City business units involved in stakeholder engagement	

## **Policy Objectives**

The objectives of this policy are:

- To ensure that, where appropriate, the City of South Perth community and relevant stakeholders
  have an opportunity to participate and contribute in a meaningful way to decisions made by the City
  that affect their lives
- To outline the City's commitment and approach to stakeholder engagement, to contribute to good governance, strong leadership and better decision making
- To provide direction and guidance for the practice of stakeholder engagement at the City of South Perth
- To support Elected Members in their decision making by providing informed feedback from stakeholders.

#### **Definitions**

#### Stakeholder engagement

A planned and purposeful process that encompasses a variety of techniques and methods. It is an approach that provides opportunities for stakeholders to be involved in and contribute to decisions that affect their lives.

Note: The terms, 'community engagement' and 'public participation' are widely used across the industry, and may be used interchangeably with 'stakeholder engagement'.

#### Stakeholders and community

Stakeholders are those affected by or with a specific interest in a decision, project or issue. Stakeholders may be (but are not limited to) individuals, groups, organisations, agencies, businesses, reference and advisory groups, and/or the community. Stakeholders can be internal (i.e. within the organisation) or external (i.e. outside the organisation).

The community can include individuals or groups who live, work, play, study, visit, invest in, or pass through the City of South Perth. They may be ratepayers, residents, business owners, workers, tourists, visitors, or community groups.

These terms are often used interchangeably and are both widely used in the field of stakeholder engagement. Although separate definitions are offered, in practice, the distinction between the two terms is not always clear. Therefore, the terms may be used together, separately or interchangeably.

## **Policy Scope**

This policy applies to all Elected Members, City of South Perth employees and consultants involved in stakeholder engagement activities for the City.

The scope of this policy is guided by Section 1.3 (2) of the *Local Government Act 1995*, which states that the Act is intended to result in:

- Better decision making by local governments
- Greater community participation in the decisions and affairs of local governments
- Greater accountability of local governments to their communities
- More efficient and effective local government.

The policy is also drawn from the City of South Perth's Strategic Community Plan 2021-2031 and internationally accepted core values for engagement, developed by the International Association for Public Participation (IAP2).

In decision making areas related to town planning (including strategic and statutory planning), the City has adopted a specific policy to determine how stakeholder engagement will be undertaken. P301 Advertising of Planning Proposals is drawn from and aligned to the City's stakeholder engagement policy. However, it goes into further detail of the specific statutory and legislative requirements.

# **Policy Statement**

The City of South Perth recognises that involving stakeholders appropriately in projects and processes, and embracing a culture and practice of engagement, leads to more sustainable and informed decision making. Stakeholder Engagement is the responsibility of the entire organisation, including Elected Members, employees and consultants.

Stakeholder Engagement does not take the responsibility for final decision making from the Elected Members. Instead, it supports the decision making process by enabling Elected Members (and employees) to be confident that stakeholder views have been ascertained, understood and considered, along with technical advice and requirements, research, constraints and any other policy or legislative considerations.

The City's Stakeholder Engagement Guide has been developed to guide and support the culture and practice of stakeholder engagement, to enable an approach that is consistent, effective and robust. The Guide includes a toolkit and resources for use by City staff and consultants, along with a training program for staff.

Stakeholder Engagement is also supported at the City by a dedicated Stakeholder Engagement team established to build capacity in the organisation, and provide support, advice and assistance for engagement processes and projects.

## Engaging over school holidays and/or Christmas

When stakeholder engagement takes place during school holidays or over the Christmas period (mid-December to mid-January), it will be extended by a minimum of an additional 14 days to provide further time to engage. This requirement does not apply to all statutory advertising and engagement.

#### 3. We know who to engage

## 4. We understand the background and context

We take the time to understand the history, issues or concerns which may affect the project and engagement, and explore the context in order to clearly define the negotiables and nonnegotiables.

#### 5. We are committed to genuine engagement

Stakeholder engagement at the City is also guided and shaped by the International Association for Public Participation's (IAP2) core values and public participation spectrum, which are recognised internationally as best practice. These tools guide both the approach and practical application of stakeholder engagement.

# **Public Participation Spectrum**

The IAP2 Public Participation Spectrum is a tool to define the role of stakeholders in any engagement process. It outlines the goal of each level of the spectrum and includes the 'promise to stakeholders' made when an organisation chooses to engage with them in a particular way.
