The cost of the hire is determined in accordance with the City's Schedule of Fees and Charges. The Schedule is reviewed annually.

Waterways and Crown Land

The use and hire of waterways; and reserves or facilities on crown land is subject to two separate approvals. The first approval required is from the State Government (Minister for Lands) as the landowner. The second approval required is from the City of South Perth as manager of the land. Each application is to be made separately to the relevant authority. Additionally other government departments may have authority and require applications such as the Department of Biodiversity, Conservations and Attractions for land adjacent to the Swan River.

Events on Reserves and in Facilities

Approval is required for the use of City of South Perth managed reserves and facilities for events. The event will be assessed in relation to the impact it may have on the venue and surrounding area. Considerations may include the number of people attending the event, other activities taking place in the area, the availability of parking facilities and the possible impact of the event on the facility itself, facility users and local residents.

The overall intent is to maximise the positive impact to the community resulting from use of the City's reserves and facilities (i.e. activation of public spaces; improve social connectedness; and promote participation in physical activity and events); and minimise negative impacts (i.e. damage to reserves or facilities; anti-social behaviour; and conflicts between reserve/facility users and the surrounding community through excessive noise, parking issues etc.).
