Connect South Masterplan Concept Design >

Community members and stakeholders are invited to have their say on the Masterplan Concept Design for the Connect South project.

The Connect South area encompasses the Mends Street foreshore, Mends Street (north and south), Windsor Park and Harper Terrace, with the focus on the Mends Street foreshore and Mends Street north for the first stage.

The Masterplan Concept Design is a long term vision for the area and has been developed following extensive community consultation and stakeholder engagement which took place earlier this year.

Visit yoursay.southperth.wa.gov.au for further information and to provide your feedback on the proposed concept design. Feedback closes 4pm, 22 December 2017.

Moorditch Wirrin Kep >

Be a part of building *Moorditch Wirrin Kep*, a 25 metre wide sculptural artwork made of natural material on the South Perth foreshore. The size and scale of the work means many hands will be required to assist with its construction.

Between 8am-4pm, Saturday 9 and Sunday 10 December 2017 the community are invited to work with the artists to build this awe-inspiring work which will be situated near the flagpole on Sir James Mitchell Park. The finished artwork will be on display as part of the City's Season of Arts, Events & Culture from 11-17 December 2017. To find out more visit the Events section of the City's website.
