Place + Design: South Perth Station Precinct

The City is reviewing the 2011 vision for the South Perth Station Precinct (SPSP) and undertaking a detailed study of the place and design development for this area.

To get involved and help shape the future of the SPSP, the City invites you to attend the workshops, a best-practice Planning Design Forum, an information session or the open day, held during **February to April 2017**. For more information visit yoursay.southperth.wa.gov.au.

Vision 2027 Community Workshops

Thank you to everyone who participated in the City's Vision 2027 survey.

Over 1,100 responses were collected and will help to reshape the City's vision and priorities over the next ten years. Feedback will be used as a basis for the discussions in the upcoming community workshops.

To attend a community workshop in **February 2017**, register your interest at yoursay.southperth.wa.gov.au.
